## Greetings from everyone at DVLC!

A big hello to our wonderful DVLC community!

It's hard to believe that we are almost halfway through 2018. It's been an eventful and busy six months.

On Anzac weekend we received a bit of a blow when some solar panels were stolen off the roof of our building. Fortunately the theft was covered by insurance so we didn't take a big hit financially. The local paper also ended up doing a story on the theft which resulted in some good media coverage.

In May we held our Annual General Meeting. It was wonderful to see our Board members, general members and staff members together to support DVLC. We are delighted that David Ling has agreed to complete another three year term as Chairman of DVLC.

Our students and staff continue to ensure that DVLC is a dynamic, nurturing and fun environment for the community.

We are now looking forward to term three and have been working to expand our scope with new VET courses. We continue to look into new ways to promote our centre and to meet community needs.

We have also welcomed Carol Conibear to the Administrative team. Carol has taken on the role of Training Coordinator. Carol will be responsible for ensuring our ACFE courses run smoothly and identifying new courses to put on our scope.

I would also like to take this opportunity to thank all our supporters and volunteers who are so committed to DVLC. Our centre would not be what it is without your support! Wishing you all a wonderful term 3!

**Veronica Kioria**

## VCAL 2018 at DVLC

Our VCAL students continue to thrive at DVLC through our varied and interesting programs. In May, we created a friendship tree to liven up the hall at DVLC. All the staff and students came together to put their handprint on the tree. The tree really signifies the solidarity the staff and students feel at DVLC.

Friendship Tree

DIY at DVLC. Give the girl a sander! 1

We've also been very fortunate to have Paul Rudd volunteer with us in the VCAL program this term. Paul has helped the students work on some furniture restoration projects. A big thanks to Paul and our other volunteers Robyn, Emily, Josh, Sidrah, Neal and Jade who donate their time so generously to help our students.

In June we caught up with Jake, a former VCAL student who now works at Heidelberg Golf Club. Jake spoke at a Rotary function about his journey and his time at DVLC. Jake is testament to the skills that our students learn at DVLC and the bond that our teachers form with our students.

Former Student Jake

We are looking forward to an exciting and productive Semester 2 in VCAL!

**Tracey Wood**  
VCAL Coordinator

## Community Liaison and Business Development

Over the past six months we've been particularly focused on building DVLC's profile in the community. This has involved creating interesting and diverse marketing campaigns that have been distributed both online and in the community.

We have also focused on maintaining good relationships with our sponsors and supporters with a series of morning teas. Our students and staff have enjoyed the opportunity to connect with our supporters and show them how much of a difference their involvement at DVLC makes.

Going forward we are looking at expanding our scope to include more VET courses. In the background we are working on the materials and compliance aspects to make this a reality!
